

February 2012

Our family has known the Cabe Family and Sonshine Construction and Home Services for the past five years. They are dear friends of ours as well as trusted business owners.

The Cabe's are the people we call when we need work done on our home or a major project completed. Over the years, Barry has worked on a variety of projects at our home. He has finished and remodeled our basement. This project included electrical work, dry wall, installing a window and removing a garage door, siding, flooring (tile and laminate), building a closet and toy chest, and painting. He built two substantial rail-road tie retaining walls on our property. He also built a custom- made four swing swing-set with slide attachment for our family. This does not include the many other small projects he has done for us in time of need!

The Cabe's are always on time and exceptionally hard working and diligent. They work with great attitudes and we are always pleased with the quality of the work and the diligence. They are eager, helpful, and polite. We recommend them whole-heartedly. As I wrote above, they are the ones we keep in mind when we need a repair, a replacement, or even a rebuild!

We highly recommend the Cabe's in all areas of their skill-set. We have seen beautiful samples of their concrete work and had Barry check a wet closet for mold.

Our family would be happy to provide more specifics pertaining to any of the work Barry Cabe has done in our home and on our property. You can reach me, Rebecca Borger, at 828-371-1857 or borgerfam@gmail.com.

Sincerely,

Todd and Rebecca Borger
