Dear Mr. Cabe,

Thank you for all your help with our house in Franklin, NC.

Any time we have a problem or question you and your family are always there to help. We know we can always count on you, even for something as simple as checking to see why our power bill has increased. That was a huge help to us so we did not have to make the long trip just to check on things there.

Over the years, when we have arrived at our house and found burst pipes or other problems, you always come right up to see what is needed to make the repairs, make the needed repairs and then supervise any other work that is needed. This really means a lot to us to always have someone we can count on especially being so far away from home.

We also appreciate you winterizing our house and then opening it in the spring and checking to make sure everything is in working order before we arrive. We don't have to worry about traveling several hours and then working on the house before even unpacking.

Thank you again for all you do for our family.

Sincerely,

The Dunlap Family
